Response to Amendment

Applicant's arguments filed 11/10/05 have been fully considered but they are not persuasive. The Amendment submitted by Applicant does not overcome the rejection made by Examiner in the last office action and for the following reasons:

Claim 1 is rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Note that claim 1 has been amended to specify that step (b) of claim 1 occurs in the presence of an acid catalyst (see page 12, paragraph [29]).

However, paragraph [29] does not relate to the claimed step (b), "the alkylation and novolak formation reaction can be effectively carried out in the presence of an acid catalyst". The use of the term "novolak" clearly discloses a plastic of the resole type, but formed under acid conditions. Further, paragraph [24] at page 11 does disclose, ^{and apply} for the claimed species, in that the (g) step on line 10 does not require the presence of an acid catalyst, as now amended.

Claims 1-5, 9, 13 and 17 are rejected under 35 U.S.C. 102(b) as being anticipated by Johnson et al.

Claim 6 is rejected under 35 U.S.C. 103(a) as being unpatentable over Johnson et al.

Art Unit: 1711

The rejection is maintained for the reasons as stated above and for the reasons as stated in the last Office action.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Duc Truong whose telephone number is 571-272-1081. The examiner can normally be reached on Monday-Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, James Seidleck can be reached on 571-272-1078. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
